This is a stunning unique 18th century reformed Andalucian Cortijo in Archidona of 650m² built, set in a 40.000 m² mature olive grove, yet only a short drive to the nearby towns of Archidona and Antequera. The Cortijo has been totally reformed to a very high standard and consists of 6 extremely spacious bedrooms, 4 bathrooms of which 3 are en-suite. Large living room with open fire place, dining room, large fitted kitchen of the make Siltstone, guest living room with fireplace, office/study. A tower with amazing 180 degrees views, annex kitchen, work shop, plus additional outbuildings situated in the internal courtyard. Outside the courtyard is a large terrace with pool (6 x 12 meters) with beautiful views of the country site. The Cortijo has under floor heating and mains water and electricity connected. The style is simple and light. Everything on the house is restored and or reused to keep the authentic feeling of the original Cortijo. It is a 'white canvas' in the sense that it is up to the next owner to give the house its final touch as to where decoration, furnishing and construction of open sheltered terraces for entertainment and BBQ is concerned.

The property is ideally situated in the heart of Andalucia, near to the cities of Malaga (70 km), Granada (80 km), Sevilla (175 km) and Cordoba (100 km).

Located in the heart of Andalucia (in near future: Antequera airport & TGV station).
