The most Spectacular new Villa with Sea views

6.950.000 EUR

Ref: 186-00133P

This is probably the most spectacular contemporary villa in Marbella near the beach. I really did not see a second property like this with this kind of high level, design and quality. Only on 3 minutes walk from the beach in the famous Los Monteros Playa area. The villa is built to the highest standards with top materials, in a modern contemporary style, built 2009. Entrance hall with high ceiling, to the left a very large kitchen, dining area, living room with high ceilings and a most impressive modern gas fire place with integrated TV system. Several bedrooms on the other side and Master Suite on first floor with other bedrooms. In the basement a large 4 car garage, a Gym, and room for a sauna and staff quarters. The property is equipped with a domotic system, security all in and around the villa. Outside large terraces with a spectacular pool, all designed to enjoy the Spanish climate during day and exiting evenings. This is a one of a kind. Please call us for appointments. Los Monteros has its own security.

Plot: 1700 m² | Built: 900 m² + Terraces

6 bed / 6 bath
